

OUTSTANDING SECTION AWARD

Purpose

The Outstanding Section Award was initiated in 1992 and formerly called the “Section Activities Award.” It is designed to encourage ITE Sections to participate in activities that are aligned with the purpose and objectives of ITE. The award will be judged on the elements listed below.

Eligibility

To qualify for the award, a Section must submit a PDF report using the format and submission process shown on this page. The page limit for the report is five pages of text and one page of photos, for a six-page maximum.

In order to receive as many submissions as possible, ITE emphasizes that reports will be assessed on the described activities only. Sections should not be putting an excessive amount of time into the preparation of the report and its formatting. This also makes judging of the submissions an easier task.

Submission/Selection Process

All entries must be submitted digitally as a PDF to the [District Award Coordinator](#) by **March 1**. Each District will then select one winning Section entry in the International competition via <https://ite-awards.secure-platform.com/a/> by **April 1**. These deadlines allow judging to be complete in time for the award winner to be announced in conjunction with ITE's Annual Meeting and Exhibition.

Award

The Section winning the award will be recognized at the ITE Annual Meeting and in *ITE Journal*.
