

**Institute of Transportation Engineers
Western District
Student Chapter Momentum Award**

Background

In 2020, the Student Chapter Momentum Award was established to recognize a student chapter that has experienced the greatest momentum (or most improvement) in the past year. The winning student chapter receives a certificate and \$1,000 for travel to the Western District Annual Meeting. The District will submit the winning report for consideration in the ITE International competition.

Submittal Requirements

To qualify for the award, a student chapter must submit a narrative that is no longer than two pages with an additional page of photographs, and can address (but is not limited to) activity in any of the following areas: Chapter Administration, Application of Technical Knowledge; Networking Events; K-12 STEM Outreach; New Member Recruitment; Diversity and Inclusion; Training/Professional Development; Field Trips/Technical Tours; Service Projects; and Leadership Development.

The narrative should cover specific improvements and/ or special efforts that leadership has implemented that have resulted in positive change for the chapter and the membership. Examples could include, but are not limited to, how you've increased attendance at meetings, broadened participation outside of traditional engineering students, or helped your members develop leadership and professional skills. This narrative should show off how your leadership is applying good ideas to bring your chapter success.

Submittals shall be sent as PDFs and shall not exceed two pages in length (for text) and one additional page of photographs.

Please return submittals by e-mail
NO LATER THAN 5 PM PST ON MARCH 1ST to:
