

**Institute of Transportation Engineers  
Western District  
Student Chapter Award**

**Background**

Established in 1986, the purpose of the Student Chapter Annual Report Award is to encourage student chapters to achieve the objectives set forth by their student chapter charters. This award was renamed the Student Chapter Award in 2020. The winning student chapter receives a certificate and \$1,000 for travel to the Western District Annual Meeting. The District will submit the winning report for consideration in the ITE International competition.

**Purpose**

This award is designed to encourage ITE student chapters to participate in activities that are in alignment with the purpose and objectives of ITE. Additionally, student chapters should strive to show diversity and inclusiveness practices throughout their various activities. Inclusiveness can be described demographically as well as through activities that encourage the engagement of students from additional disciplines of study outside of the traditional transportation curriculum.

**Submittal Requirements**

The award will be based on a year extending from March 1 to February 28. Submittals shall follow the evaluation criteria and not exceed five pages in length (for text) and one additional page of photographs. Where the response is “yes,” please provide a short description of the activity or activities. Winning reports may be published to the Western ITE website.

Please return submittals by e-mail  
**NO LATER THAN 11:59 PM PST ON MARCH 1<sup>ST</sup> to:**
