ITE Western District

Re: ITE Western District Connections Grant Event

Dear Ms. Fleskes-Lane,

I'm excited to share about our Connections Grant-supported event in San Diego! Joined by ITE student members at San Diego State University and University of Washington, we hosted a wonderful dinner followed by dessert in Little Italy. We then moved to the beach in Coronado, where we enjoyed a bonfire on the chilly beach. Both events were marked by plenty of conversation, mutual learning, and new relationships being formed! A more detailed story about our event is available on our website:

<https://iteusc.com/page/discovering-san-diego-s-multimodal-transportation-system>

Actual Event Budget

| Description of Cost | Cost |
|---|-------|
| Dinner for Thursday night | \$300 |
| Dessert for Thursday night | \$70 |
| Supplies for Thursday night beach bonfire | \$30 |

Due to some attrition by students who had originally intended to participate in our event, our event spend and scale were somewhat smaller than originally planned. Nevertheless, all of our student attendees greatly enjoyed the time spent connecting and conversing. In total, we had 8 students from USC, 1 student from San Diego State University, and 1 student from the University of Washington in attendance.

Kind regards,

Alex Wang
USC ITE President, 2024-2025
